

Dear Parent,

Thank you for considering CDIS as an educational option for your family. We hope to make the admissions and enrollment process a pleasant one for you as you work through all the questions and concerns that come with choosing the right school for your child.

This new-enrollment packet includes everything you need to enroll your child for the 2011-2012 school year. We are expecting some classes to be at full capacity at the beginning of the school year, so please submit your materials without delay in order to reserve a seat.

If your child has passed the necessary requirements, but there is no space available, your child may be placed on a waiting list. This waiting list is dissolved at the end of the school year at which time you will need to re-apply if you would like your child to be considered for enrollment for the following school year. CDIS encourages parents to look for other educational options while their child is on the waiting list.

The entire CDIS staff looks forward to working alongside you in providing your child with the best learning experience in the coming year. Please contact our offices if you have any questions and concerns regarding the enrollment process.

Sincerely,

A handwritten signature in cursive script that reads "Debbie-Sue Blanks".

Debbie-Sue Blanks
CDIS Head Principal

ACADEMICS

CHARACTER

TRUTH

www.cdischina.com

We are committed to...

- 1. Excellence.** We believe that every aspect of CDIS should be characterized by a commitment to excellence. As a result, we focus on the following:
 - Strong academics
 - Best practices for classroom teaching
 - An administration focused on learning
 - High standards for recruitment of faculty
 - Clear communication with stakeholders
 - Accreditation and continuous improvement
- 2. Academics.** We believe that education is most effective in the context of a clearly defined curricular approach, strong parental support, and international emphasis. More specifically, we value the following:
 - A partnership between the school and the parents
 - An emphasis on developing the whole child
 - Preparation for college
 - A North American curriculum with international elements
 - A focus both on the structure of knowledge and the discovery of additional knowledge
- 3. Character/Integrity.** We desire for all students to become people who consistently do right in thought, word, and action. Therefore, we emphasize service, character development, a strong work ethic, perpetual growth, and an appropriate level of independence.
- 4. Truth.** We believe in the existence, accessibility, and applicability of transcendent truth. Students should be able to articulate and defend an appropriate view of truth.
- 5. Relationships.** We desire to be a community where all are nurtured and appreciated. All cultures are respected, all people are valued, and students are encouraged and supported individually.
- 6. International Impact.** We desire for our students and faculty to make a positive, lasting impact in any context in which they find themselves. Students are trained to be good citizens and contributing members of their communities both now and in the future, even if that means crossing cultural barriers.

PHILOSOPHY & PURPOSE STATEMENT

PHILOSOPHY STATEMENT

We believe in providing an education based on historic Western Judeo-Christian principles, open to all students irrespective of race, sex, color or creed. Our curriculum is intended to prepare students for active involvement in our contemporary, multicultural society and to equip them with tools for shaping the future.

We believe that parents are ultimately responsible for the education of their children while enlisting the expertise of the school to assist in their children's development. We believe that the school should assist families in helping their children develop a sense of their own intrinsic worth and their identity as human beings created for a purpose. We believe that education is the continuing process through which this awareness develops in an individual as he/she grows in all areas of his/her life toward his/her fullest potential.

We believe that lifelong learning occurs when students' hearts, minds, and bodies are actively engaged. For this reason, we provide academically challenging learning opportunities within a college preparatory course of study replete with exploratory activities.

PURPOSE STATEMENT

Chengdu International School exists to provide quality college-preparatory education that integrates faith and learning. Our goal is to prepare students to realize their full potential academically, physically, socially, and spiritually to meet the challenges of an ever-increasingly complex multicultural world.

We have read the school's *Philosophy and Purpose Statement* and agree to abide by it.

3. No portion of tuition shall be refunded for a student dismissed by expulsion or for disciplinary reasons.
4. Tuition and fees are non-transferable to another student.

STUDENT MEDICAL EXAMINATION

A Student Medical Examination (SME) is required for all new students **and** those entering the 5th & 9th grades. (Students who submitted forms last year for new enrollment and are entering 5th or 9th grade this year should submit newly completed forms again.) This exam is part of our continuing effort to assure all our students' needs are appropriately anticipated and met. The information gathered will help detect any health problem which could interfere with the ability to learn or take part in school activities, to alert educators to any need for special programs and for safety awareness related to student allergies.

Section A may be completed by parents. Filling this out prior to your appointment for an exam will be helpful to the physician. This is a summary of your child's medical history.

If there are concerns related to any of the illnesses, please note this in the space provided. *For example:* if your child is diabetic, please note if insulin is used and if your child can self administer. *Or,* if your child has had seizures, please indicate if he/she is taking medication and the frequency of seizure activity. *Or,* if your child has asthmatic attacks, please note if he/she is on medication or if he/she needs medication kept in the nurse's office. This information will help CDIS staff know what to expect and how to provide for your child's safety.

A copy of your child's current immunizations **must** be submitted. This may be a copy of an international immunization record, a prior school record, a doctor's office record or copy of a baby book page. If these are not available, a parent may prepare a list according to memory with parent's signature and date at the bottom of the page. The information you provide will assist us in determining the overall health and protection level in our school. Your student's immunization record will become part of their permanent school file which will be forwarded to future schools along with academic transcripts. The school nurse is aware that individual countries have different immunization schedules and will assist you in assessing whether your child is adequately immunized.

Section B must be filled out by the physician. Effort has been made to keep this form brief yet comprehensive. The goal is to obtain the information needed for adequate attention to health needs while planning a child's overall curriculum. We request the physician to review the immunization record for accuracy & to assure immunizations are up-to-date. If there are concerns needing further clarification, please attach an additional sheet or e-mail the information in a letter to the school nurse at <nurse@CDISchina.com>.

Please note: Tuberculosis screening is required for completion of the SME at time of enrollment, and for new and returning students entering grades 5 and 9. TB screening may be submitted in the form of either a skin test or chest x-ray.

No other laboratory tests are required to complete this medical exam form unless your physician has concerns.

Thank you for your cooperation.

Transportation Reservation

Please indicate on this form whether or not you would like Panda Bus transportation for your child during the 2011-12 school year. If you choose Panda Bus transportation, we will respond by giving you a separate transportation contract and bus regulation book for you and your child to read and sign.

Please understand that CDIS can only provide transportation to students who live along designated bus routes. We will consider adding additional routes if the demand is sufficient to justify them. Seating may be limited on some routes. If this is the case, seats will be assigned based on the order that the requests were received. If we are unable to provide Panda service, we will inform you at least one week before the start of the school year.

The reverse side of this paper shows the current Panda Bus routes, which are subject to change.
